So it's been awhile <>

The BTCA is currently working on a number of new ideas and we welcome more. We are holding monthly meetings at La Carreta — look on the Facebook page or Nextdoor for the monthly event for the exact date and time. Everyone who lives here loves it, and our neighborhood association should reflect this feeling.

We have launched two committees to begin this process. The first is a committee to work on rebranding efforts, so when we tell people we live in Bernard Terrace they don't ask where that is. The overall goal is to create a slogan, a logo, and other things that embody the neighborhood and why we all moved here. If branding or publishing are in your wheelhouse or you are passionate about the neighborhood, please consider getting involved. The next committee is one to have a presence at White Light Night in November. The overall idea is to have a booth set-up, have a raffle to raise money for the association, and whatever other fun things we can come up with.

We are also looking to have a **HAUNTED STREET** for **HALLOWEEN**. The exact details for this have not been hammered out but if you are interested in this idea please get involved. You don't need to have kids to participate in the **HAUNTING**. Attend a meeting or reach out through one of the social media platforms. We are also hoping to have a membership drive type event to get people excited about participating.

Have a Sunny Day!!

So what's the deal with Government Street:

- ◇ Construction bids are set to open in July 2017
- ◇ From ground breaking to finish it will take 18 months
- ◇ During construction Government St is going to be a two lane road
- ◇ In the area of Bernard Terrace, it will be a 3 lane road
- ◇ From Moore to Jefferson it will be a 4 lane road due to the existing structure of the Foster turn lanes & traffic volume
- ◇ DOTD just uploaded intersection design maps for a number of intersections on 5/11
- ◇ Acadian/Gov't St- Left turn lanes are incorporated , cement dividers installed— to decrease the cut through traffic on Westmoreland & Lovers
