

If you are interested in lobbying our elected representatives, the following is a list of contacts for the Planning and Zoning Commission and the Metro Council. We have also included the address for The Advocate Editorial Section.

Should you choose to contact anyone please get the following message across:

"We are comfortable with existing zoning and cannot understand why a project can't be built there without tearing down historical structures, rezoning, changing the land use designation and violating our historic guidelines. If they want more (they won't), tell them about traffic concerns, the Historic Neighborhood Design Guidelines, the importance of not demolishing these historic homes, **BUT PLEASE STICK WITH THE FACTS** when speaking with the Commissioners and Council Members. The facts and the truth are on our side. We should let them drive this lobbying effort.

Thanks,  
The Historic Spanish Town Civic Association
